

O B E D I O

service without the noise

An invisible layer of luxury ensuring your requests are met instantly and privately.

ABSOLUTE DIGITAL SANCTUARY

A 100% offline, air-gapped system that keeps your private conversations private.

MASTERCLASS IN CRAFTSMANSHIP

Bespoke hardware hand-finished in Italian leather and gold to match your interior.

9

O B E D I O

**your Needs,
met before asked**

**intelligence that
speaks every language**

Communicate your needs in your native tongue and trust our local AI to translate instantly for your entire crew. Whether requesting a vintage vintage or a tender transfer, the barrier between thought and execution is finally removed, worldwide.

zero maintenance. zero intrusion.

Enjoy a system that requires no attention from your crew or technicians during the season. With a nine-month battery life and remote updates, your service remains flawless from the first guest arrival until the boat is winterized, without a single technician ever stepping into your private quarters.

seamless elegance, effortless guest interaction

Your guests deserve a level of service that is as refined as their surroundings. Our hardware is designed to "disappear" into your opulent interior, utilizing hand-stitched Italian leather, brushed gold, and rare woods to ensure the technology feels like a natural extension of the vessel's soul.

global freedom, constant local compliance

Travel the world without technical boundaries as OBEDIO automatically adapts its communication frequencies to match the legal standards of every port. From the Mediterranean to the Caribbean, your system remains fully operational and compliant, ensuring your privacy and service are never interrupted by local regulations.

ultimate asset for your

Elevate your onboard experience with a system that prioritizes your peace of mind and operational excellence. Designed to bridge the gap between high-tech performance and silent luxury, it ensures every request is met with effortless precision while you remain the master of your digital sanctuary.

ABSOLUTE PRIVACY

A 100% offline, air-gapped system ensures your private conversations and data never leave the vessel.

EVERY BUTTON IS BESPOKE.

From a sketch on a post-it to a precision-machined instrument. Every OBEDIO button follows the same journey.

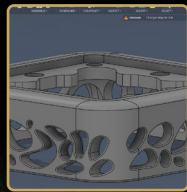

SKETCH

Pen on paper. The idea takes shape.

AI CONCEPT

The sketch becomes a vision.

3D MODEL

Engineered to the last micron.

PROTOTYPE

Printed. Tested. Refined.

ASSEMBLED

Every piece finds its place.

REAL THING

CNC machined. Ready for sea.

O B E D I O

quiet luxury.
absolute privacy.
